

Meeting of the Design Committee
July 20, 2022

Committee Members Present: Chair Barbara Clubb, Jill Grennan, and Cathy Rakowski
Also Present: Emily Porter, Director, Mike McTavish and Elizabeth Keppler, from Dewberry
Absent: Beth Murbach, Nancy McKay

Mrs. Clubb called the meeting to order at 10:04 a.m.

Ms. Keppler presented the most recent draft of the 3D renderings for the renovation project. The committee went through each room and answered questions for the design team especially regarding electrical.

The committee requested that the TV monitor be placed in the farthest study room from the desk, as well as a cabinet be built to surround the washer/dryer. Otherwise, the renderings were correct.

Mr. McTavish explained ADA code for lighting requiring that all lights be dimmable. The committee agreed that reusing the existing lighting won't work as well as new ceiling panel LED lighting. They also discussed options for acoustic panels and/or acoustic lighting for the teen department. Mrs. McKay asked to see some seating options that would allow for flexible lounge seating.

Ms. Keppler explained that the construction documents are just about ready. The shelf movers could be here as early as November depending on their schedule.

Mrs. Grennan made a motion to adjourn. The motion was seconded, and the committee adjourned at 11:08 a.m.

Respectfully submitted,
Emily Porter, Director
